	<p>- The school suburb is close to a shopping centre, health centre, a public library, located facing an underground station which links Mairena to Seville in less than ten minutes. There is an equestrian club less than one mile away from school. Also you can find a big sports centre a ten-minute-walk away from here. Besides there is an official School of Languages at the same distance. And as another remarkable facility in the area we can mention the set of bars, restaurants and parks which surround us.</p>

<b>Previous Experiences with Language Assistants</b>	<p>BILINGUAL BLOG (JUAN DE MAIRENA HIGH SCHOOL) <a href="http://bilingualjuande.blogspot.com/">http://bilingualjuande.blogspot.com/</a> Quinton Vass (2019-21)</p> <p>My experience at IES Juan de Mairena was incredible. I was there for two years and the only reason I didn't stay a third is because of the 2-year limit in Andalusia. I worked with students between 1º-4º of ESO in a wide variety of classes: technology, physical education, history, biology, physics and chemistry. The staff at the school (especially the bilingual coordinator) made me feel very welcome and comfortable.</p> <p>Every teacher has a different way of working with language assistants but I was able to develop great working relationships with several of them who I still keep in touch</p>

with. The school's location is great, directly across from the last metro stop which runs very frequently and reliably. The teachers always made me feel included in all social events that were organized to ensure I was a part of the school community.

Overall, I would highly recommend working at IES Juan de Mairena because of the professional atmosphere and sense of community, as well as the convenient access/location of the school.
